Version number 29 (replaces version 28)

Revision: 29.11.2022

SECTION 1: Identification of the substance/mixture and of the company/ undertaking

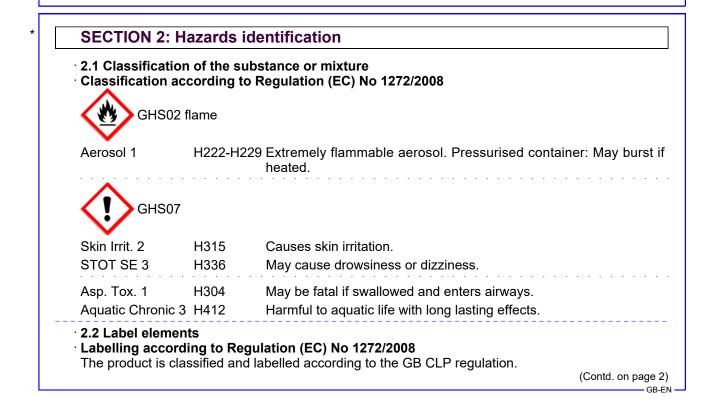

1.1 Product identifier

- Trade name: BIS SILICON SPRAY AE 400ML*12 L255
- **1.2 Relevant identified uses of the substance or mixture and uses advised against** No further relevant information available.
- · Application of the substance / the mixture Lubricant

1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Bison International Dr.A.F.Philipsstraat 9 NL-4462 EW Goes PO Box 160 NL-4460 AD Goes tel. +31 88 3235700 fax. +31 88 3235800 e mail: sds@boltonadhesives.com Further information obtainable from: Bison QESH

 1.4 Emergency telephone number: Members of the public seeking specific information on poisons should contact: In England and Wales: NHS 111 - dial 111

In Scotland: NHS 24 - dial 111

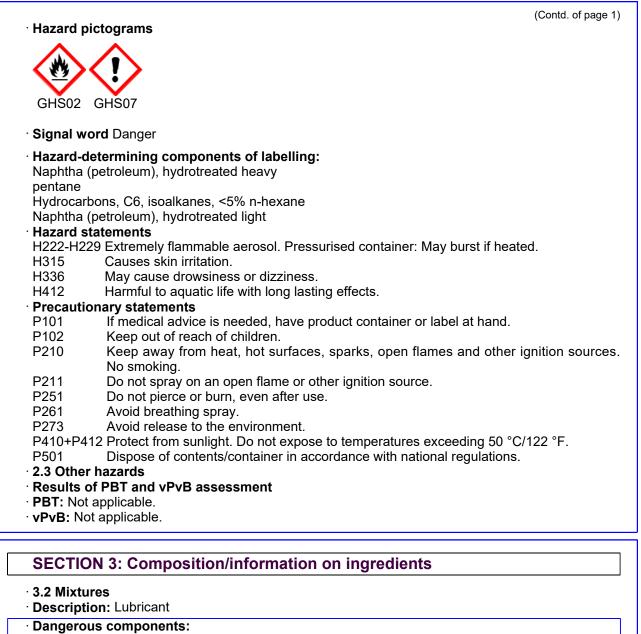

Printing date 11.02.2023

SECTION 4: First aid measures

· 4.1 Description of first aid measures

- General information: No special measures required.
- · After inhalation:
- In case of unconsciousness place patient stably in side position for transportation.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eye contact: Rinse opened eye for several minutes under running water.
- After swallowing: If symptoms persist consult doctor.
- **4.2 Most important symptoms and effects, both acute and delayed** No further relevant information available.

(Contd. on page 4)

GB-EN

Printing date 11.02.2023

Revision: 29.11.2022

(Contd. of page 3)

Trade name: BIS SILICON SPRAY AE 400ML*12 L255

• **4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

SECTION 5: Firefighting measures

- 5.1 Extinguishing media
- · Suitable extinguishing agents:
- CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- **5.2 Special hazards arising from the substance or mixture** No further relevant information available.
- 5.3 Advice for firefighters
- · Protective equipment: No special measures required.

SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.
- 6.2 Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. Do not allow to enter sewers/ surface or ground water.
 6.3 Methods and material for containment and cleaning up:
- Dispose contaminated material as waste according to item 13. Ensure adequate ventilation.
- 6.4 Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

SECTION 7: Handling and storage

• 7.1 Precautions for safe handling Ensure good ventilation/exhaustion at the workplace. • Information about fire - and explosion protection:

Do not spray onto a naked flame or any incandescent material.

Keep ignition sources away - Do not smoke.

Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C, i.e. electric lights. Do not pierce or burn, even after use.

- 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles:
- Observe official regulations on storing packagings with pressurised containers.
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep container tightly sealed.
- · Storage class: 2 B
- 7.3 Specific end use(s) No further relevant information available.

· Body protection: Use protective suit.

SECTION 9: Physical and chemical	properties
• 9.1 Information on basic physical and cher	nical properties
· General Information	Across
Physical state	Aerosol
· Colour:	According to product specification
· Odour:	Characteristic
Odour threshold:	Not determined.
Melting point/freezing point:	Undetermined.
 Boiling point or initial boiling point and 	
boiling range	36.1 °C
· Flammability	Not applicable.
• Lower and upper explosion limit	
· Lower:	0.6 Vol %
· Upper:	10.9 Vol %
· Flash point:	-97 °C
Ignition temperature:	240 °C
· Decomposition temperature:	Not determined.
pH	Not determined.
Viscosity:	
· Kinematic viscosity	Not determined.
· Dynamic:	Not determined.
Solubility	
· water:	Not miscible or difficult to mix.
· Partition coefficient n-octanol/water (log	
value)	Not determined.
· Vapour pressure at 20 °C:	8300 hPa
	0300 HF a
• Density and/or relative density	$0.625 a/am^3$
Density at 20 °C:	0.635 g/cm³ Not determined.
· Relative density	
· Vapour density	Not determined.
 9.2 Other information 	All relevant physical data were determined for the
	mixture. All non-determined data are not
	measurable or not relevant for the
	characterization of the mixture.
· Appearance:	
Form:	Aerosol
· Important information on protection of hea	lth
and environment, and on safety.	
Auto-ignition temperature:	Product is not selfigniting.
• Explosive properties:	Product is not explosive. However, formation of
Former harden and	explosive air/vapour mixtures are possible.
· Solvent content:	
· Organic solvents:	74.4 %
· Solids content:	0.0 %

Change in condition	
Evaporation rate	Not applicable.
Information with regard to physical haz	ard
classes	
Explosives	Void
Flammable gases	Void
Aerosols	Extremely flammable aerosol. Pressurise
	container: May burst if heated.
Oxidising gases	Void
Gases under pressure	Void
Flammable liquids	Void
Flammable solids	Void
Self-reactive substances and mixtures	Void
Pyrophoric liquids	Void
Pyrophoric solids	Void
Self-heating substances and mixtures	Void
Substances and mixtures, which emit	
flammable gases in contact with water	Void
Oxidising liquids	Void
Oxidising solids	Void
Organic peroxides	Void
Corrosive to metals	Void
Desensitised explosives	Void

SECTION 10: Stability and reactivity

· 10.1 Reactivity No further relevant information available.

10.2 Chemical stability

Thermal decomposition / conditions to be avoided:

- No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions No dangerous reactions known.
- · 10.4 Conditions to avoid No further relevant information available.
- 10.5 Incompatible materials: No further relevant information available.
- · 10.6 Hazardous decomposition products: Danger of forming toxic pyrolysis products.

		hazard classes as defined in Regulation (EC) No 1272/2008 d on available data, the classification criteria are not met.

Relevant phrases

- H220 Extremely flammable gas.
- H225 Highly flammable liquid and vapour.
- H226 Flammable liquid and vapour.
- H280 Contains gas under pressure; may explode if heated.
- H304 May be fatal if swallowed and enters airways.
- H315 Causes skin irritation.
- H336 May cause drowsiness or dizziness.
- H361f Suspected of damaging fertility.
- H373 May cause damage to organs through prolonged or repeated exposure.
- H400 Very toxic to aquatic life.
- H410 Very toxic to aquatic life with long lasting effects.
- H411 Toxic to aquatic life with long lasting effects.
- H412 Harmful to aquatic life with long lasting effects.

(Contd. on page 12)

Printing date 11.02.2023

Version number 29 (replaces version 28)

Revision: 29.11.2022

Trade name: BIS SILICON SPRAY AE 400ML*12 L255

Aerosols, Section 2.3.1	Bridging principlos
	Bridging principles
Skin corrosion/irritation	The classification of the mixture is genera
Specific target organ toxicity (single exposure)	based on the calculation method usi
Hazardous to the aquatic environment - long-	substance data according to Regulation (EC)
term (chronic) aquatic hazard	1272/2008.
Aspiration hazard	Expert judgement
Department issuing SDS: Bison QESH	
Contact: Reach coordinator	
Date of previous version: 18.08.2022	
Version number of previous version: 28	
Abbreviations and acronyms:	
ADR: Accord relatif au transport international des marchan	dises dangereuses par route (European Agreement Conce
the International Carriage of Dangerous Goods by Road)	
IMDG: International Maritime Code for Dangerous Goods	
IATA: International Air Transport Association	colling of Chemicale
